Company Announcement

Valued Customers and Vendors,

we are pleased to announce that Continental Decon Inc., including DECON® Studrail® and CONTINENTAL Studwelding Divisions will be changing names to JORDAHL. This change is effective immediately.

Is Now:

For over 30 years, Continental Decon has been a leading Canadian manufacturer and supplier of studweldable fasteners, DECON® Studrails®, high quality connection products and concrete reinforcement technologies. Since 2012, Continental Decon has been a subsidiary of JORDAHL GmbH, which for over 100 years has shared a common reputation for excellence in the manufacturing and commercial construction industry.

Our product lines include studweldable fasteners, DECON® Studrails®, JORDAHL® anchor channels and tension rods.

We at JORDAHL look forward to continuing the successful relationships with our customers and vendors that have allowed us to become leaders in the industry.

Please contact us at any time, or visit our website at www.jordahl.ca for more information.

Sincerely,

Steve Logan, President
JORDAHL Canada Inc.
